

CAPACITY BUILDING FOR IEP TEAMS

PRESENTED BY PEATC IN COLLABORATION WITH THE VIRGINIA DEPARTMENT OF EDUCATION (VDOE)

The IEP process is an art of collaborating with team members with thoughts of their personal responsibilities, backgrounds, perspectives, and individual concerns, and must navigate all of those while following procedures and regulations. This professional development workshop is designed to help school personnel enhance their capacity around participating in IEP meetings and connecting with families. Discussion will include a view from 'both' sides of the table and practical strategies aimed at helping future IEP meetings be more positive, productive and collaborative for everyone involved.

This **FREE** professional development opportunity is for **school personnel only** and will be offered in every region. A certificate of completion will be provided.
